RIDE AND HAVE FUN HOG

HOG's ABC's of Touring is our inspiration for this! Locate an official government sign where the first letter of the city, county or state is on one of the letters. Please DO NOT use the same city, county or state for more than one letter.

Examples of official signs are City limit signs, City Hall, Post Office, Police or Fire Departments. Highway or Interstate ID signs that start with

Tour Book Challenge

This is designed to offer you places to stop and sight see along any ride. Keep your tour book in your bike and capture your stops with a picture.

The stops are clustered into four categories. You do not need to visit each location to earn that portion of your PPHOG **Ride Have Fun** patch. In order to earn a section, you need to have visited and recorded (picture of you and your bike) at least 10 locations.

If you are adventurous and find amazing places, national landmarks, amazing sight in National Forests and ghost town that are not listed take a picture and we may add them to the list.

There are several of these amazing places located along routes that you may take to ride the Mountain Passes. Take a moment to see where these sites are located so that you don't miss out! But, mountain passes are not part of this amazing adventure!
